Professional Summary

Enthusiastic MCA student and aspiring Full Stack Developer with hands-on experience in building responsive web applications. Skilled in Python, Django, JavaScript, React.js, Bootstrap, SQL, HTML, and CSS, with a strong understanding of Object-Oriented Programming (OOP). Passionate about building scalable, user-friendly web applications and eager to apply technical skills, problem-solving abilities, and a continuous learning mindset to contribute to real-world software development projects.

Skills

Languages: Python, SQL

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap 5

Backend: Django, Django REST Framework (DRF), Flask,

Databases: MySQL, SQLite

Concepts: Backend Development, API Development, CRUD Operations, MVT Architecture

Tools: Git, GitHub, Postman, Visual Studio Code

Soft Skills: Problem Solving, Teamwork, Time Management, Communication

Experience

Software Development Intern

Oct 2024 – Apr 2025

Visval Career Solutions Private Limited

- Developed responsive and user-friendly web applications using HTML5, CSS3, JavaScript, and Bootstrap 5.
- Designed and managed MySQL databases to support web application functionality and data management.
- Built and maintained e-commerce and portfolio websites with a focus on performance, usability, and responsive design.
- Collaborated with team members to deliver projects on time in a professional environment.

Projects

AI-Powered Real-Time Virtual Try-On System *Python, OpenCV, MediaPipe, Flask, MySQL, HTML, CSS, JavaScript*

- Developed a real-time Virtual Try-On web application using Computer Vision and Augmented Reality, enabling users to try T-shirts, sunglasses, hats, and jewellery via webcam.
- Implemented MediaPipe Pose Detection to track body landmarks and dynamically scale clothing overlays for accurate alignment.
- Integrated Face Detection with OpenCV for precise placement of sunglasses and accessories using facial keypoints.
- Built a full-stack application using Flask and MySQL with user authentication, product management, cart, and order booking features.

Shopshare — Full-Stack E-Commerce Platform

Django, SQLite, HTML, CSS, Bootstrap 5

- Built a full-stack e-commerce web application using Django, featuring user authentication, profile management with image uploads, and role-based access via Django's admin panel.
- Designed and implemented a product catalog, shopping cart, and multi-address checkout flow with dynamic quantity updates and order status tracking.
- Developed a responsive, custom-themed UI from scratch using Bootstrap 5 and CSS, including a global toast-notification system for user feedback.
- Structured Django models and views to support order history, address management, and per-user data isolation, ensuring users only access their own records.

Education

Master of Computer Applications (MCA)

Alagappa University

2024 – 2026

CGPA: 7.55

Bachelor of Science in Mathematics

Alagappa University

2021 – 2024

CGPA: 7.7

Certifications

- Full Stack MERN Development
- JavaScript Programming Essentials — Coursera
- Advanced Diploma in Python Programming (ADPP)
- Postgraduate Diploma in Computer Application (PGDCA)
